Letter of recommendation for Yekta Sadeghi, graduated student

Maastricht, December 2022

As head of theory in the master of interior architecture, part of the academy of architecture I would like to recommend Yekta Sadeghi on base of her skills and personality. I have known Yekta for nearly three years and for this time I noticed, that Yekta is a highly motivated person who has integrated very well into the specifics of our master's program. During her study, she showed that she takes up the substantive discourses and assignments very seriously and productively. I learned to know her as an independent working person who was able to come to deepness in the subjects she did research on. Competences which has been shown very clear in the outcome of her theoretical and practical final exams.

Sincerely

Drs. Marion Zwarts - van der Meer
